

Petition to the Government of Canada on stopping the Trans-Pacific Partnership (TPP)

We, the undersigned citizens of Canada, draw the attention of the House of Commons to the following:

WHEREAS the TPP could cost tens of thousands of good Canadian jobs and lead to growing income inequality;

WHEREAS the TPP will raise the costs of medications and poses a barrier to the creation of a national pharmacare program;

WHEREAS the TPP will ease the path for foreign takeovers and contains measures that will stifle Canada’s innovation sector;

WHEREAS the TPP empowers corporations to sue and obtain compensation from Canadian governments for regulating in the public interest;

THEREFORE we call on the Government of Canada to not ratify the Trans-Pacific Partnership (TPP).
