

Let's Save Our Coast... Again.

We, the undersigned residents of Canada, draw the attention of the House to the following:

- **THAT** the Canadian Government should not spend billions of dollars on a pipeline;
- **THAT** expanding the Trans Mountain Pipeline will increase the risk of bitumen oil spills, endangering Canada's environment and wildlife, and putting thousands of marine and tourism jobs at risk;
- **THAT** expanding the Trans Mountain Pipeline would disregard the right of Indigenous Peoples to say no to projects affecting their territories and resources;
- **THAT** expanding the Trans Mountain Pipeline will increase greenhouse gas emissions and make it impossible to meet Canada's global climate targets.

THEREFORE the federal government must cease all construction on the Trans-Mountain pipeline expansion.
